

WIN PLAY PARK WP 1485

FENCE

Device Specifications	
Length	1,60 m
Total height	0,75 m

Minimal space

Material Specification

- 90x90 mm main construction made of impregnated, laminated wood of pine;
- Top of the construction is secured with polyethylene caps to protect the wood surface from atmospheric conditions;
- Metal anchors are made of hot dip galvanized steel, protecting the wood from direct contact with the ground to prevent rot and extending the product's life;
- Colorful elements made of weather condition resistant HDPE plates;

Additional comments

- Depth of foundations on a flat surface 55 cm;
 - The equipment is designed for public playgrounds;
- The equipment render is of an illustrative nature and shows only the general specification of the equipment, but not its actual appearance. The colours may differ from those demonstrated on render.
