

WIN PLAY TOPICCO 3104

FIRE TRUCK

| Device Specifications              |                      |
|------------------------------------|----------------------|
| Safety zone                        | 26,10 m <sup>2</sup> |
| Length                             | 2,98 m               |
| Width                              | 2,68 m               |
| Total height                       | 2,10 m               |
| Free fall height                   | 0,90 m               |
| Age range                          | 3-12 lat             |
| In accordance w/ EN standards      | 1176-1:2017-12       |
| Weight of the heaviest part [kg]   | 100 kg               |
| Dimension of the biggest part [cm] | 1,9x2,5x0,07 m       |
| Availability of spare parts        | Tak                  |

Material Specification

- Platform made of waterproof anti-skidding plates;
- Other elements made out of atmospheric condition resistant HDPE polythene plates;
- No sharp edges or chinks that would pose a danger for jamming of the head, fingers and other body parts;
- All screws covered with colorful plastic caps;
- Galvanized and/or powder coated steel construction.

Additional Comments

- The device is certified by an accreditation organization;
- Embedded 0/5/55 cm deep in flat ground;
- The device is designed for public playgrounds.

Surfaces

Due to the free fall height of the equipment, the EN 1176-1:2017 standard allows the following surfaces: turf/soil (A,B,C), sand with minimal layer thickness of 30 cm (A,C), synthetic material approved for free fall of 0,90 m (A,B,C)
