

## Product technical sheet

### HOOP 0714

5 - 12 years

2 kids

34,6 m<sup>2</sup>

### Material specification

- Hot-dip galvanized and powder coated steel construction,
- Seats/backrests made of durable HPL plate, resistant to weather conditions,
- Moving elements based on a durable braking system closed in casings, which do not require greasing and maintenance, ensuring long service life of the device,
- Screws covered with plastic caps and/or stainless steel screws,

Physical development

community

spinning

rocking

## Product technical sheet

# HOOP 0714

### Product data

|                             |                     |
|-----------------------------|---------------------|
| Length                      | 265 cm              |
| Width                       | 35 cm               |
| Total height                | 170 cm              |
| Age group                   | 5 - 12 years        |
| Number of users             | 2 kids              |
| Safety zone                 | 34,6 m <sup>2</sup> |
| Free fall height            | 99 cm               |
| In accordance with norm EN  | 1176-1:2017         |
| Availability of spare parts | YES                 |

Color options 

Data is subject to change without prior notice.

### Additional information

- equipment intended for public playgrounds;
- equipment has a certificate issued by an accredited entity or a declaration of conformity;
- no sharp edges or chinks that would pose a danger of jimmie the head, fingers or any other body parts;
- render is for reference only, the actual appearance of the equipment and its color may vary;

## Guarantee

**30**

30 year guarantee - Structural strength of steel and stainless steel components

**15**

15 year guarantee - Structural failure of steel and stainless steel, for dynamic equipment

**10**

10 year guarantee - Structural failure of high density polyethylene and high pressure laminates components

**5**

5 year guarantee - Corrosion of stainless steel and hot dip galvanized and powder coated components; against bark beetles and rot in case of wooden structural elements
