## Material specification

- Construction made of the highest quality laminated, impregnated and double coated pine wood 90 x 90 mm without knots, secured from the top with polypropylene plugs,
- Metal anchors made of hot dip galvanized steel, protecting the wood from direct contact with the ground to prevent rot and to extend the product's life,
- Platforms made of durable anti-slip and waterproof plywood or HPL plate,
- Side panels made of durable HDPE plate, resistant to weather conditions
- Transparent polycarbonate panels with a permanent print resistant to scratches and weather conditions
- Slides made of stainless steel with durable HDPE side panels,
- Tube slide made of LLDPE, highly resistant to weather conditions and UV rays,
- Educational panels and moving elements made of HDPE plate, resistant to weather conditions,
- Drawing board made of durable, waterproof plywood or HPL plate, resistant to weather conditions,
- Windows made of polycarbonate,
- Maze windows made of polycarbonate, balls made of synthetic material,
- Spherical windows made of polycarbonate,
- Stainless steel bars,
- Screws covered with plastic caps and/or stainless steel screws,

### Product data

|                                |                               |
|--------------------------------|-------------------------------|
| Length                         | 510 cm                        |
| Width                          | 310 cm                        |
| Total height                   | 405 cm                        |
| Age group                      | 1 - 8 years                   |
| Number of users                | 22 kids                       |
| Safety zone                    | 38,0 m <sup>2</sup>           |
| Free fall height               | 210 cm                        |
| The height of the platforms    | 59, 90, 120, 150, 180, 210 cm |
| tube slide platform height     | 210 cm                        |
| slide platform height          | 59 cm                         |
| In accordance with norm EN     | 1176-1:2017                   |
| Weight of the heaviest part    | 27 kg                         |
| Dimensions of the largest part | 160x90x180 cm                 |
| Availability of spare parts    | YES                           |

Data is subject to change without prior notice.

### Additional information

- equipment adapted for the disabled; intended for public playgrounds;
- equipment has a certificate issued by an accredited entity or a declaration of conformity;
- no sharp edges or chinks that would pose a danger of jimmieing the head, fingers or any other body parts;
- anchoring on flat surface, 80/70/60 cm deep;
- slide should not be installed southwards;
- render is for reference only, the actual appearance of the equipment and its color may vary;

38,0 m<sup>2</sup>

### Guarantee

**30**

30 year guarantee - Structural strength of steel and stainless steel components

**15**

15 year guarantee - Structural failure of steel and stainless steel, for dynamic equipment

**10**

10 year guarantee - Structural failure of high density polyethylene and high pressure laminates components

**5**

5 year guarantee - Corrosion of stainless steel and hot dip galvanized and powder coated components; against bark beetles and rot in case of wooden structural elements

Detailed information in the guarantee card
